

Poppy's Best Puppets

YOU WILL NEED

- * Socks- solids or patterns
- * Glue - tacky glue, or fabric glue
- * felt tip pen
- * Scissors
- * Eyes - can be buttons, pompoms, sequins, rhinestones, sticky-back googly eyes
- * Accessories - doll hats, yarn for hair, felt or construction paper for tongue, horns, bows, or whatever you like!

Slip the sock over your hand.

Make a C shape with your hand and try to put your thumb in the heel part with your fingers in the toe of the sock.

Open & close your hand and decide where you want the eyes and nose.

Use your marker to make 2 dots for the eyes. (above the seam of the sock)

Mark the nose.

Take off the sock and lay it flat on the table. The marks may look out of place, but that is why you marked it on your hand!

Glue on eyes & nose where you've marked. Cut hair, tongue, hat, or whatever from yarn, felt or construction paper. Stick to your new puppet friend!

Oh boy!

- * Cut a square of waxed paper that's about an inch or two wider than the end of the tube.
